Target Cohorts Strategy Statement (inclusive of Pupil Premium Financial Statement) - Pittville School 2021-2022

Successful schools have a clear vision for what all their pupils will achieve through high quality teaching, with an ethos that reinforces aspiration and attainment for all. They realise the importance of getting the basics right, like attendance and behaviour, and understand that failing to put these building blocks in place will undermine the effectiveness of the pupil premium (and other related funding sources) in raising standards. Successful schools adopt a whole school approach to their use of the pupil premium (and other related funding sources) that delivers on the full potential of every pupil, including nurturing their more able pupils to excel.

Curriculum and Assessment:

- Does the curriculum display the same academic, technical, or vocational ambitions for all learners?
- Does the intended curriculum address social disadvantage by addressing gaps in learners' knowledge and skills?
- Does the curriculum ensure that all learners have "the knowledge... needed to be educated citizens, introducing them to the best that has been thought, said, and helping to engender an appreciation of human creativity and achievement?' **Ofsted 2019**
- Does the curriculum follow a principled design that ensures apposite and aspirational transition from Key Stage 4 for all learners?

Teaching and Learning:

- Do all teachers and support staff have an ethos of high attainment for all pupils?
- Does quality first teaching exist across the breadth of the curriculum and is quality first teaching emphasised by curriculum leaders?
- Do we provide a consistently high standard of teaching through setting expectations, monitoring performance and tailoring teaching and support to our pupils?
- Do we identify the strengths of our teachers, deploying staff effectively and quality assuring teaching and learning? (Is best practice then shared across the staff body?)
- Are resources (including support staff) in place and deployed strategically to address barriers to learning?

Behaviour and Attitudes and Safeguarding (including attendance):

Leaders and staff create a safe, calm, orderly and positive environment which has an impact on behaviour and attitudes.

- How do we foster a culture of safeguarding that supports effective arrangements to identify learners who may need early help or who are at risk of neglect, abuse, grooming or exploitation?
- Is there a strong focus on attendance and punctuality, including clear and effective attendance policies that staff apply consistently and fairly?
- Are pupils committed to learning, know how to study effectively, are resilient to setbacks and take pride in their achievements?
- Is there a relationship between teachers and pupils that reflects a positive and respectful culture? (Restorative Practice)
- Is there a zero tolerance for bullying, peer-on-peer abuse, and discrimination?

Personal Development (where not addressed in 'curriculum and assessment'):

- What opportunities are there to for all learners develop cultural capital and careers links?
- How do we ensure readiness for the next phase of education, training, or employment so that pupils are equipped to make the transition successfully?
- Are there clearly signposted opportunities to support learners to develop their character including their resilience, confidence, and independence?
- Are pupils responsible, respectful, and active citizens who can play their part and become actively involved in public life as adults in modern Britain?
- How do we ensure age-appropriate understanding of healthy relationships through appropriate relationships and sex education (do we do this differently for key cohorts?)
- How do we ensure learners recognise risks to their well-being / and making them aware of the support available to them (do we do this differently for key cohorts?)

What do we intend to introduce?

- ICT strategy direct spend on hardware / software targeted at removing barriers to learning for key cohorts.
- A 'disadvantaged' working group that meets regularly to coordinate provision and analyse impact.
- Parental outreach initiatives.
- Continued work with middle leaders, looking at appropriate support and development opportunities and encouraging greater collaboration across the curriculum.
 - Use of surplus curriculum time (within identified departments) to develop a KS2 outreach programme.
 - Focus on work experience for PP students.
- Whole school reward programme linked to ATL, targeted intervention with poor performing ATL pupils.
