Ofsted 2019

We are excited to be able to offer an opportunity for an inspiring teacher of Science to join a team of dedicated, reflective practitioners. Applications are welcome from both experienced practitioners and NQT's. The fixed term nature of the role will be reviewed in April 2022 with opportunities for the right candidate, should they wish, to take on additional responsibility commensurate with prior experience and / or future career aspirations.

The successful candidate will be joining an experienced successful and well-motivated faculty who have high expectations of all students they teach. An ability to work well in a team and demonstrate a dynamic, innovative and inspirational approach to teaching and learning is essential.

Pittville School is a good 11-16 school situated in a superb setting in the heart of Cheltenham. The school is heavily oversubscribed at Key Stage 3 and the school has seen its first preferences for places rise year on year. We are particularly proud that visitors to our school always comment on the excellent behaviour and attitude to learning exhibited by our pupils.

As a school we will commit to your future professional development. We offer a training program to all new staff as well as our own INSET program. We are part of a Teaching School Partnership which offers a range of development programs and run our own SEND Network which also provides high quality, in house, training. This runs alongside the usual provision of courses, school visits, and local partnerships.

Closing date for applications is 9.00am on 8th January 2021

Applications will be reviewed as they are received until the post is filled. Please email Linda Ferrabee on jobs@pittville.gloucs.sch.uk for more information.
