

Richard Gilpin, Headteacher, is delighted to report the best ever results at Pittville School this year. We are proud to report that English results have risen to 78% of students achieving a grade 4 and above and 75% achieving a grade 4 and above in maths. Half of our students achieved a grade 5 or above in both English and maths.

The proportion of students achieving the top grades has also increased with a fifth of all grades being grades 9-7.

Mr Gilpin commented that, 'there were some terrific individual results and we are delighted that we have seen an increase in the number of students achieving the top grades, with 108 grades being at grade 8 or 9.

24 of our students achieved at least one of the very top grades (grade 9), which puts them amongst the very highest performing students nationally in those subjects.

A huge congratulations to Finn Sutton who achieved 5 grade 9s and 2 grade 8s, Stanley Roach who achieved 4 grade 9s and 3 grade 8s, Ruby Smith who achieved 5 grade 8s and 4 grade 7s and Jennifer Phipps who achieved 5 grade 8s and 3 grade 7s.

Many congratulations to all our students; we are delighted for all those students who have worked so hard to achieve the results they need in order to embark upon the next stage of their education.

A huge thank-you to all our staff who have worked tirelessly to support our students achieve their potential.
